## MEMORANDUM

**TO:** Arts and Craft Exhibitors & Businesses

**SUBJECT:** Christmas Cottage Bazaar — November 6, 2015  
Reservations for Booth Space due — As Soon As Possible (Space is Limited)

---

Milam County Extension Education Association members and Family and Consumer Sciences Committee would like to invite you, your business or organization to participate in this year's Christmas Cottage Bazaar. Youth, adults, businesses, civic, church or school organizations are welcome to sign-up to sell holiday decorating or gift ideas. It is a good way to let people know about the talents and services you have to help them through the holidays.

The bazaar will be held on Friday, November 6, 2015 at the Bea's Kitchen - 101 E. Main in Cameron, Texas. The doors at the bazaar will be open from 9:00 a.m. to 1:00 p.m. for the public. The facility will be open at 7:00 a.m. for set-up.

Bea's Kitchen is the senior meals center located on the south side of the Milam County Courthouse. The center is closed on Fridays so we can use the facilities. Being on the courthouse square, we attract more walk-in traffic.

Tables (approximately 6-foot) at the Christmas Cottage are \$25.00 for the first table and \$5.00 for the second. A few third tables are available upon request for \$5.00 each. Space is limited, so return your reservation form as soon as possible to hold your booth space. If you are going to bring your own display stands, you can reserve the space at the same rate as the table space. Make your reservations as soon as possible so I can include a general listing in the publicity for the bazaar.

A food booth by the Milam County Extension Education Association Clubs will offer lunch to exhibitors and shoppers. They will offer stuffed baked potatoes, stew, drinks and desserts.

If you have any questions, please contact the Milam County Extension Office at (254) 697-7045 or email [MHolcombe@ag.tamu.edu](mailto:MHolcombe@ag.tamu.edu).

Sincerely,

*Micah Holcombe*

This is a rough drawing of the new location. It will be easier to move things in and out because there are no steps. The Black lines are rows of tables we will be using for display and eating. About 20 tables are available for display and the others will be for people eating.
